

Your Choice in Terrazzo

North Carolina State University

## ABOUT US

Doyle Dickerson Terrazzo Inc., located in Charlotte, North Carolina, specializes in terrazzo installation. Terrazzo can create any floor design, using a wide selection of aggregates as well as limitless matrix color options when using epoxy resin.

Doyle Dickerson Terrazzo Inc. offers a complete range of terrazzo systems and services to suit any institutional, commercial or residential project. We work with architects, designers and construction professionals to select the materials and plan the process in detail. Providing high-quality standards throughout the installation process, Doyle Dickerson Terrazzo ensures each client is satisfied with the completed project.
